

## 2009 West Virginia Brownfields Conference

---

*Waterfront Place Hotel  
Morganton, West Virginia*

**Tuesday September 1st**  
**3:15 pm-4:30 pm**

**Title:**           **Brownfields and Renewable Energy Roundtable**  
**(sponsored by the West Virginia Division of Energy, Office of Coalfield Development)**

**Description:** Green Energy and Sustainability are the phrases of the day. EPA is encouraging communities to consider locating alternative energy sources on brownfield sites. In West Virginia, the West Virginia Division of Energy's Office of Coalfield Development is working with communities to determine post mine land uses, including the production of alternative energy. This session will look at the national redevelopment trends of brownfields for renewable energy and look at some projects, initiatives and related issues regarding locating alternative energy projects on WV brownfields as a viable economic development tool.

**Speakers:**

Kasey Russell, Sustainable Energy Parks  
Patrick Mann, WVU, West Virginia Wind Power Working Group  
Jeff Wood, WVDE Office of Coalfield Development

**Moderator:** Jeff Wood, WVDE Office of Coalfield Development
